

MEMORANDUM

To: LLA Membership
From: Gary Weber
Date: January 1, 2005
Subject: Report on Lycolaw Website

The Website continued to grow and improve in 2004.

We did work through some technical glitches in the fall, which seemed to be related to some software change at PaOnline, our Website hosting company. For about 2 weeks, the pages that used the LLA database of member and opinion information came up empty. The problems were solved, and have not returned.

Improvements and statistics:

- The *Historical Sketches* volume has been partially scanned and is being posted and updated on line. The goal is to have the entire volume posted by the summer.
- The news and articles section has been improved and expanded. We have attempted to include articles about the positive impact our members are having in the community. These articles are now indexed and maintained in the database. PLEASE SEND INFORMATION ABOUT YOUR INVOLVEMENT IN THE COMMUNITY TO ME FOR INCLUSION.
- Nearly 280 new court opinions have been posted. This brings the total number of opinions available on the site to 1480.
- The site continues to offer up-to-date announcements and event scheduling notification, as well as information about local rule changes and a current attorney directory. Chances are good that there is a photograph of the new attorney you will be meeting for the first time in court.
