

EDUCATION COMMITTEE REPORT FOR 2005

The Education Committee was formed this year in an effort to complement the CLE provider status of the Lycoming Law Association and provide more opportunities for members of the LLA to obtain required CLE credits without leaving Lycoming County.

The members of the Committee met several times during the year and accomplished two (2) significant tasks. First, they reviewed lists of PBI video and satellite seminars that could be held in Williamsport, Pennsylvania and selected a variety of seminars to be held through the Spring of 2006. Second, Lunch and Learn seminar topics and presenters were obtained through a survey of the membership and a Lunch and Learn Seminar was scheduled for each month through May 2006. The Lunch and Learn Seminars cover a wide range of topics and provide members of the LLA with the opportunity to earn CLE credits at a discounted rate.

Respectfully submitted,

John P. Pietrovito
Chairperson
