

BAR HISTORY COMMITTEE OF THE LYCOMING LAW ASSOCIATION
Annual Report

The Bar History Committee recently met on December 4, 2007, at the Ross Club. We continue to compile and coordinate the biographies of deceased members of the Lycoming County Bar.

A definitive history of the Lycoming County Bar from 1795 to 1960, was completed and published by Marshall Anspach, Esquire. An updated volume, containing Anspach's book, and previous composite pictures, was completed by the Bar History Committee, covering the years 1960-1989. All members of the Association should have a copy of the updated 1990 volume, and all new admittees to the Lycoming County Bar are provided a copy. Gary Weber continues to be our webmaster, and coordinator. Check out:

Updated biographies, identification, and sketches are being compiled, written, and to be published. The 2008 LLA Budget provides for a designation for our ongoing project. Web/audio/video interviews and biographies are also being discussed and arranged.

This committee will be reorganizing in 2008, and all members of the Association are invited to indicate their interest in becoming a member. We are also seeking articles of interest to the local bar and community, including State and Federal Practice and Procedure updates, LLA Operation, local or legal oddities, and interviews/feature articles by our members. We welcome any other suggestions, possible topics, and obviously letters/authors.

Everyone's input, interest, and involvement is encouraged as your Bar History Committee continues these projects and updates.
