

## BAR HISTORY COMMITTEE OF THE LYCOMING LAW ASSOCIATION

The Bar History Committee met during 2009, reviewed and discussed pending and ongoing priorities, along with progress to date.

A definitive history of the Lycoming County Bar from 1795 to 1960, was completed and published by Marshall Anspach, Esquire. An updated volume covering the years 1960-1989, is provided to all new admittees to the Lycoming County Bar.

Updated biographies, identification, and sketches continue to be maintained and coordinated through our web master, Gary Weber, Esquire. Check out:

During the Fall, an intern working with the Association updated and compiled the majority of biographies of deceased members and judges since 1989. These are being reviewed and placed on the website for the interest and information of all.

Documentary on Senior Federal Judge Malcolm Muir is continuing and progressing. The Law Association had approved \$12,000.00 in March, 2008 for this project, and continuing funds and contributions are encouraged.

Meeting with Michael Pilato is being set to discuss and give direct input into his ongoing and excellent community mural, on behalf of the Lycoming County Bar. Regarding the presentation of Resolutions for deceased members of the bar, delayed scheduling and lack of attendance at the memorial court sessions was also discussed and recommendations and suggestions are welcomed.

As documented in the Pennsylvania Bar Association Charter, Article III, PURPOSE: "To perpetuate the history of the profession and the memory of its members", Our Bar History Committee of the LLA strives to perpetuate this purpose, and everyone's input, interest, and involvement is encouraged, as we engage in the practice of law in Lycoming County.
