Subject: Annual Report of the Lycolaw Website

The Lycolaw.org website continues to be heavily consulted. In 2013:

- The site saw 1,203,271 hits. There were 526,118 unique visits, with each visit averaging more than 2 pages viewed.
- The Attorney Directory pages continue to see the most use, with over 152,000 views and 55,845 print requests. **These statistics demonstrate the importance of members displaying accurate and useful information in their directory listing.**
- The online version of the Lycoming Reporter is heavily consulted. This year we joined with other county legal journals to post the Lycoming Reporter advertisements in a state-wide database - so the Reporter is available both on our site and the state site.
- Court opinions are the second most frequently accessed material. The court issued 335 opinions last year and all were posted. The database includes 3816 Lycoming County opinions.
- The court pages and forms are used frequently. The Lycoming County judges issued several new forms, which were posted in both Word and PDF formats.
- The Legal Services custody packets are downloaded quite frequently. Several of the packets were updated this year.
- The local rules were updated - the updated rules have been posted.
- The Association trademarked the site's logo, "Lycolaw" to prevent unauthorized use of the site's identification.
