Date: December 16, 2020

Subject: Annual Report of the LLA Technology Committee - Lycolaw Website

The Lycolaw.org website was completely redesigned in 2018. As the site was constructed by an outside provider, we occasionally find bugs and quirks that need to be repaired. We recently observed that the search feature used to search Lycoming County opinions did not work. That has now been repaired by Epic, so that opinions can be more accurately searched by term.

To date in 2020, 203 new Lycoming County Court opinions were posted on the site. The number was no doubt impacted by reduction in court activity due to COVID-19. For the first time in several years, the court had a full complement of elected judges, and opinions were more evenly issued by the judicial chambers.

Forty-seven articles were posted, a definite reduction from the past due to fewer LLA activities. Several court forms were updated or added.
