**Subject: Annual Report of the LLA Technology Committee - Lycolaw Website**

The Technology Committee primarily operates the Lycolaw Website, through its Webmaster. Occasionally, the committee meets to consider technology purchases, but no new technology purchases were necessary in the past year.

The website continues to offer multiple services to the Lycoming County bar. This includes publication of opinions, local rules and the Lycoming Reporter, and reporting of news, events, and announcements.

In 2025 year's report, 160 opinions have been reported on the site.

Fifty articles concerning the activities of the Association and its members were posted. These included 4 memorial pages created to remember recently deceased members Jeff Yates and Paul Wertman. The memorial petitions and transcripts are preserved on these pages.

We try to keep an up-to-date member directory. Members should review their listing to provide updates and correct any errors. Changes can be submitted on a form on member listing pages.

As always, material for publication involving the activities of our members should be sent to me for publication.
