Upon receipt of an Order of Non-Compliance, your office should supply the necessary missing paperwork and take it to the Prothonotary’s Office with your copy of the Order of Non-Compliance (so that the Prothonotary can locate the original document). The corrected papers will be attached to the original document by the Prothonotary, who will forward the documents to Court Scheduling in the usual manner. The Prothonotary will not file stamp nor photocopy those corrected documents. Our office should not be sent any additional copies of the corrected documents. We will receive the originals through the Court Scheduling process and then execute the appropriate order that accompanies the original documents, return those to Court Scheduling for processing.
