EFFECTIVE DECEMBER 1ST, 2019

All deeds that require a registration form need to have the registration form attached and completed at the time the deed is filed. We are attaching a list for your reference of the city/boros/twps that require a registration form. Starting **December 15th** deeds without the required completed registration form will be rejected.

If a statement of value form is required for a deed please see attached list as to how many copies of that form are needed. We always need at least two and certain twps/boros require more.

We are requiring return information to be placed on all incoming documents. The back of the document is the preferred placement for this information. If there is "mail to" information on the front of the document and you do not wish for it to be returned there, it will need to be crossed out. Then note on the back of the document where it should be returned to. If the document is not being returned into a mail box in our office an envelope will need to be provided.

For those who are already completing these items we thank you. Having everyone's cooperation in these matters is greatly appreciated. Participation from all will help relieve potential errors.

THANK YOU
